Notice is hereign given that pursuant to me Act of the Legislative Assembly approved May 2d, 1887 to be an election for Experience of Election:

The question of the naturalization law will come before the House shortly. Hon, J. L. Kanilukon gave notice, on May 8th, that he intended to bring in a bill that will deal with the subject. It is bester that the intended to be rought in by a gentleman of Hawaiian blood, rather than by a naturalized foreigner; as however pure his motives might be, he would always be apt to have if throw into his motive to the Collector of the port, to set instantly in motion the whole machinery of government into a special police force for the collection of his claim. What he can do, by due process of law, will deal with the subject. It is bester that this bill should be brought in by a gentleman of Hawaiian blood, rather than by a naturalized foreigner; as however pure his motives might be, he would always be apt to have if throw into his face, that he was trying to prevent others. Sugars which of the same grade and quality are invoiced in Manila at 3½ to 4cts per lb, are invoiced too higher at 6cts, or higher.
